

# Senior Project Manager (AS11542)

Sydney, New South Wales, Australia (Hybrid)

## ASX: Powering Australia's financial markets

### Why join the ASX?

When you join ASX, you're joining a company with a strong purpose – to power a stronger economic future by enabling a fair and dynamic marketplace for all.

In your new role, you'll be part of a leading global securities exchange with a strong brand. We are known for being a trusted market operator and an exciting data hub.

Want to know why we are a great place to work, visit our [careers page](#) to learn more.

### We are more than a securities exchange!

The ASX team brings together talented people from a diverse range of disciplines.

We run critical market infrastructure, with 1 in 3 people employed within technology. Yet we have a unique complexity of roles across a range of disciplines such as operations, program delivery, financial products, investor engagement, risk and compliance.

We're proud of the diversity of our organisation and the culture of inclusion that all our people help to build every day. Our employee-led groups are known for celebrating cultural and religious events, championing LGBTIQ+ inclusion, inspiring giving and volunteering, promoting gender equality, and wellbeing. We are an Employer of Choice for Gender Equality (WGEA) and a member of the Champions of Change Coalition for the advancement of gender equality in Australia.

### About the team:

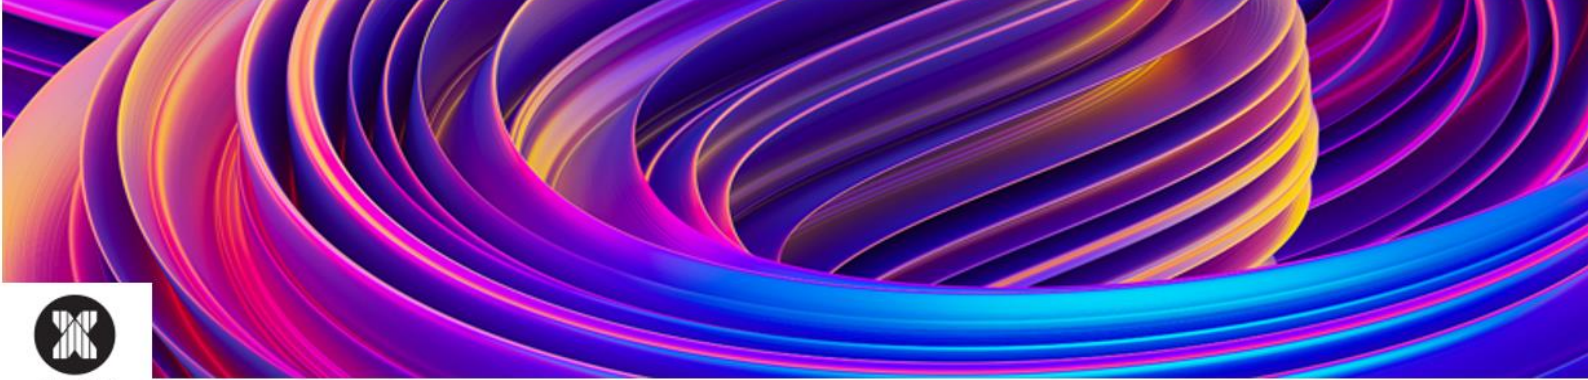

This role will be responsible for leading a delivery team and determining and managing day to day project activities, issues, risks, and action items, including change management and stakeholder management skills to successfully deliver an end-to-end solutions for ASX and its customers.

The Business Management and Delivery is one of eight functional units within ASX's Markets Line of Business. Other units cover Business, Technology and Operations functions. Markets is ASX's largest line of business by revenue. You will project manage delivery of the in-flight and prioritised initiatives (especially Carbon Futures (Phase 2 in Mar'25 and Phase 3 in Fy26), Peak electricity, DSP uplift) and work closely with the Markets Products team in discovery and delivery of prioritised product pipeline

You are a practitioner/team member of the Project Management Capability Community of Practice (CoP).

### What you will be doing:

- Leads and delivers program/project experience specialising in delivery of financial risk initiatives, to actively plan and manage the end-to-end delivery of complex projects.

- Work closely with the program owner and key stakeholders to formulate business cases to obtain funding approval for project initiatives and requirements.
- Lead development and implement both predictive and adaptive project management plans to ensure the success of the project.
- Manage the delivery of required technical and non-technical components including oversight and alignment of external components and necessary change management activities to ensure smooth project release and transition to BAU and the target operating model.
- Lead Project budgets and ongoing financial forecasts, risk, issue, resource planning and reporting; ensuring alignment with and adoption of governance and execution standards defined by the Delivery Centre of Excellence and EPMO.
- In conjunction with the Owner, drive program/project governance (including strategic guidance group, joint steering committees and working groups) and interface with portfolio governance groups, vendors, delivery managers and other internal stakeholders with executive level standards of language.
- Prepare project updates, program / project performance metrics and reporting for Board, C-Suite and Regulatory audiences.
- Leads interviewing and hiring process in assigned areas and provides relevant input into performance evaluations.
- Use your leadership and soft-skills to drive strong engagement of a broad set of stakeholders, develop high-performing cross-functional teams and achieve a 'one team' culture that empowers and embeds accountability
- Being an active member of the PM Community of Practice (CoP).

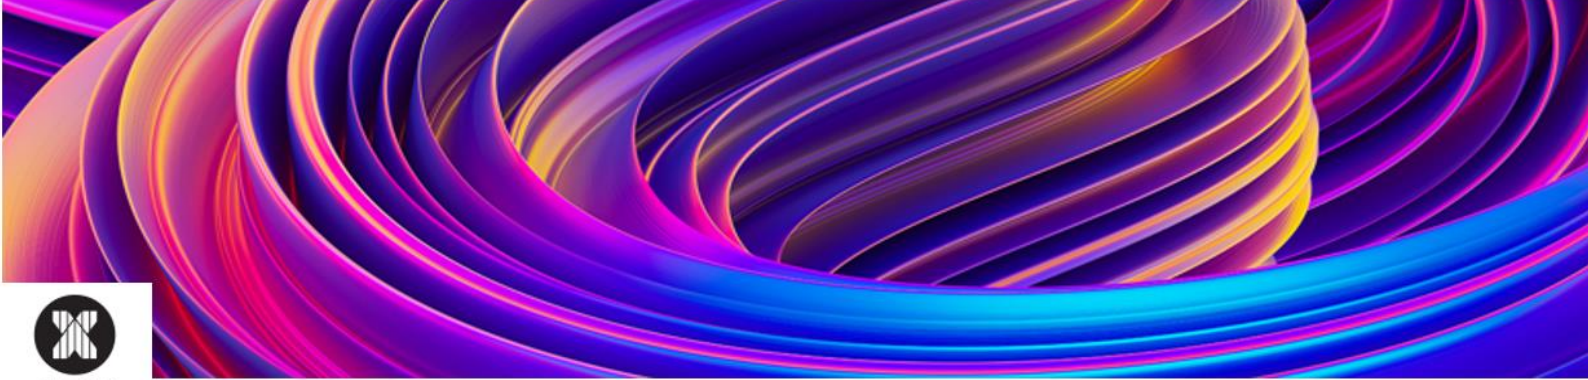

### What you will bring:

#### Must have

- Successfully delivered large complex financial projects initiatives spanning technology and business, with interdependencies across other projects/delivery teams.
- Successfully driven solutions and accountability across teams in a hybrid / agile environment and across multiple key vendors.
- Proven strong communication, facilitation, influencing and negotiation skills that show you are able to collaborate and build trusted relationships with stakeholders and vendors across all levels.
- Demonstrated excellent written and verbal communication skills with both individuals and executive level steering groups.
- Worked both independently and as part of a team, with effective problem solving skills and a good eye for detail.
- Demonstrated self-awareness, emotional intelligence and a willingness to continuously improve both yourself and your teams

#### Nice to have:

- Tertiary education or other relevant industry certification.
- Experience managing the delivery of regulatory model accreditation projects.
- Be comfortable working within a matrix structure.
- Worked on Agile, Lean and Waterfall projects.
- Draw on your experience and growth mindset to help evolve delivery practices while embracing contemporary engineering practices to achieve delivery excellence.

- Experience using Atlassian tool suite (JIRA, Agile, and Confluence).
- Experience using PPM tool i.e., ServiceNow

We make hiring decisions based on your skills, capabilities and experience, and how you'll help us to live our values. We encourage you to apply even if you don't meet all the criteria of this role. If you need any adjustments during the application or interview process to help you present your best self, please let us know.

At ASX Group, our diverse workforce is essential to build and maintain a fair and dynamic marketplace. We support flexible working and offer hybrid working options. Even if our roles are advertised as full-time, we encourage you to apply if you are interested in part-time or other flexible working arrangements.

We will arrange for successful candidates to have background checks, including reference and police checks completed as part of the on-boarding process.

*Recruitment Agencies: ASX does not accept any unsolicited agency resumes and will not be responsible for any fees related to unsolicited resumes.*
