

# Senior Test Analyst (AS11502)

Sydney, New South Wales, Australia (Hybrid)

## ASX: Powering Australia's financial markets

### Why join the ASX?

When you join ASX, you're joining a company with a strong purpose – to power a stronger economic future by enabling a fair and dynamic marketplace for all.

In your new role, you'll be part of a leading global securities exchange with a strong brand. We are known for being a trusted market operator and an exciting data hub.

Want to know why we are a great place to work, visit our [careers page](#) to learn more.

### We are more than a securities exchange!

The ASX team brings together talented people from a diverse range of disciplines.

We run critical market infrastructure, with 1 in 3 people employed within technology. Yet we have a unique complexity of roles across a range of disciplines such as operations, program delivery, financial products, investor engagement, risk and compliance.

We're proud of the diversity of our organisation and the culture of inclusion that all our people help to build every day. Our employee-led groups are known for celebrating cultural and religious events, championing LGBTIQ+ inclusion, inspiring giving and volunteering, promoting gender equality, and wellbeing. We are an Employer of Choice for Gender Equality (WGEA) and a member of the Champions of Change Coalition for the advancement of gender equality in Australia.

### About the team:

As a member of the ASX test team, you will work closely with developers, support analysts and business analysts in reviewing and updating existing test cases, automation of test cases, creating new test cases, test planning and execution, managing defects, reporting on progress and escalating issues to the Test Lead.

### What you will be doing:

- Planning and development of quality test approach, test design and test cases for Trading Platform.
- Implement and execute test cases according to documented test design and time frames.
- Document results and report defects.
- Work closely with BAs, Developers, Support Analysts and Business Stakeholders to ensure understanding of the requirements and to communicate test status and issues.
- Document test results for sign off so releases can get promoted to production.
- Being an active member of the QE&T Community of Practice (CoP).

- Good written and verbal communication skills
- Work both independently and as part of a team
- Can do attitude.
- Be comfortable working within a matrix structure and following up with Developers to ensure timely issue resolution
- Continuous improvement mindset
- Ability to look at big picture and at the same, dive into the details
- Easy to get along and establish rapport with team members quickly
- Effective problem-solving skills
- Attention to detail and quality
- Ability to work in fast-paced project environments with a sharp focus on success criteria

### What you will bring:

#### Must have

- Have about 10-12 years of testing experience
- In-depth testing experience in a structured environment.
- Experience in system, system integration, regression, end-to-end, & parallel testing.
- Experience in testing futures/ derivatives products or clearing systems.
- Experience in test environment and test data setup.
- Worked as part of medium to large sized project teams.
- Experience with test management tools such as JIRA and confluence.
- Ability to multi-task and be comfortable with frequently changing priorities.

#### Nice to have:

- Experience in Financial Markets
- Agile experience
- Exposure to test automation and test automation tools
- Experience working in a CI/CD environment

We make hiring decisions based on your skills, capabilities and experience, and how you'll help us to live our values. We encourage you to apply even if you don't meet all the criteria of this role. If you need any adjustments during the application or interview process to help you present your best self, please let us know.

At ASX Group, our diverse workforce is essential to build and maintain a fair and dynamic marketplace. We support flexible working and offer hybrid working options. Even if our roles are advertised as full-time, we encourage you to apply if you are interested in part-time or other flexible working arrangements.

We will arrange for successful candidates to have background checks, including reference and police checks completed as part of the on-boarding process.

*Recruitment Agencies: ASX does not accept any unsolicited agency resumes and will not be responsible for any fees related to unsolicited resumes.*
