<sup>2</sup> Other continuous disclosure queries are queries (other than price queries) raised by ASX with listed entities when ASX has concerns the entity may not be in compliance with its continuous disclosure obligations under Listing Rules 3.1, 3.1A and 3.1B. Examples include a query made following a media report or an announcement lodged with ASX.

<sup>4</sup> Figures exclude Special Settlement Participants set up to effect a specific corporate action as their participation is only temporary.

<sup>5</sup> ASX is required, under sections 792B(2)(c) and 821B(2)(c) of the Corporations Act 2001, to refer a matter to ASIC if it has reason to suspect that a person has committed, is committing, or is about to commit a significant contravention of the ASX Group's Operating Rules or the Corporations Act. It should be noted that a single referral may relate to more than one potential contravention. It should also be noted that the fact a matter has been referred to ASIC does not necessarily mean that a contravention has been committed or that ASIC will take enforcement proceedings in relation to it.

<sup>6</sup> ASX has previously reported separately on pre- and post- 1 August enforcement matters. This reflected the fact that prior to 1 August 2010, ASX was responsible for supervising the ASX and ASX 24 markets and their participants, and for monitoring and enforcing compliance with the market rules for those markets. The responsibility for supervising the ASX and ASX 24 markets and their participants was transferred from ASX to ASIC on 1 August 2010 pursuant to the Corporations Amendment (Financial Market Supervision) Act 2010, and the market rules for the ASX and ASX 24 markets were effectively split into market integrity rules administered by ASIC and Operating Rules administered by ASX. However, ASX remained responsible for enforcing any breaches of the former market rules that occurred prior to 1 August 2010. ASX has now concluded all of the pre-1 August enforcement matters that were on foot as at 1 July 2012. The 3 new enforcement matters mentioned above are post-1 August matters. Going forward, any new enforcement matters, whether they relate to pre- or post- 1 August 2010 events will be reported on a combined basis.

## **ASX Rule Changes, Waivers and Exemptions**

Amendments to ASX Operating Rule Procedures 2024 and 4030 came into effect on 9 July 2012 to accommodate the new Centre Point block and sweep functionality and the ability to set a mid-tick limit price for Centre Point limit orders on ASX Trade.

Following consultation with ASIC, ASX Operating Rule Procedure 4060 was amended on 16 July 2012 to reflect the reduction of the hold period in a Centre Point priority crossing from 30 seconds to 1 second.

All of the ordinary shares in Blackthorn Resources Limited (BTR) on issue and all of the new shares issued under BTR's recent capital raising through an institutional placement and accelerated non-renounceable entitlement offer were included as a 'FOR Financial Product'<sup>7</sup> with effect from 7 June 2012. This effectively precludes certain ineligible foreign investors from acquiring or exercising the entitlement offers.

Details of these rule changes can be accessed online at: <http://www.asxgroup.com.au/recent-rule-amendments.htm>.

There were 32 waivers granted in relation to the ASX Listing Rules and 1 waiver in relation to ASX Operating Rules. Details of waivers and exemptions granted by ASX can be accessed online by clicking on the relevant rule book on the Rules, Guidance Notes and Waivers page on the ASX website (<http://www.asxgroup.com.au/rules-guidance-notes-and-waivers.htm>) and then clicking on the waivers tab.

<sup>7</sup> FOR Financial Products means a class of Approved Financial Products included in Schedule 1 that are subject to aggregate foreign ownership restrictions pursuant to legislation or under the Issuer's constitution.
