ASX shortlisted to participate in the next phase of the development of the Australian Carbon Exchange

ASX is pleased to announce that it has been successful in being shortlisted by the Clean Energy Regulator (CER) to participate in the next phase of the development of the Australian Carbon Exchange.

ASX has been invited to participate in the Request for Proposal for Part A (the provision of exchange trading and related market services) and Part B (provision of registry related services). We look forward to working with the CER and industry stakeholders through this next stage of the process.

For more information, please see the CER statement:
