

ISO 20022 Technical Committee Meeting

26 March 2019

Joining by webinar

Please note that ASX is now using the GoToWebinar platform for this meeting. Details provided by email. Once you have registered and clicked on the link to join the webinar you will need to join the audio by phone, not PC. Each attendee will have a unique PIN assigned, as shown below. Please follow any instructions to check your system, PC.

Attendee Participation

Join audio:

- Choose Telephone and dial using the information provided
- You will need the unique 2 digit audio pin to ask questions.

If you are not speaking during the meeting, please mute your phone

Important information – Competition Law Policy

Committee members are reminded to have regard to their obligations under competition law. In particular, please note recent changes to the Competition and Consumer Act to prohibit a corporation from engaging with one or more persons in a concerted practice that has the purpose, effect or likely effect of substantially lessening competition.

Agenda

1. Agenda overview

2. Minutes from last meeting, open actions

3. CHES Replacement project update by ASX

4. ISO 20022 project update by ASX

5. Update from Business Committee (verbal)

6. Matters for Consideration:
 - 6a Follow up meeting & Focus Group outcomes – Transfers & Conversions

 - 6b Account creation, modification, report

 - 6c Review of ‘to-be’ messages

 - 6d Focus Group outcomes

7. Closing and next meeting

2. Minutes and actions

Minutes for 8 February 2019 meeting available on [CHES Replacement web page](#). Open action items:

#	Meeting Date	Open Action Items	Owner	Due Date	Status
20	2 May 2017	Provide details of a proposed plan including potential topics for the remaining training webinars for feedback, including identification of business vs. technical topics.	ASX	On hold	On hold
62	4 Sep 2018	ASX to review <ol style="list-style-type: none">1. the intended timing for housekeeping of unmatched messages, any standardisation opportunities;2. whether settlement requests could be future dated; (this item was closed – ASX response that future dating would not be supported)3. ASX would also consider the visibility of holding locks to issuers on an intra-day basis.	ASX	Mar 2019	
65	9 Oct 2018	ASX to consider if information such as participant party identification and preferences would be available within the node (in addition to published) and confirm to members as part of migration activity.	ASX	Mar 2019	
70	8 Feb 2019	Members to provide feedback on where they considered the principles for ISO 20022 adoption not being followed, and ASX to consider how it measures and tests its principles of ISO 20022 adoption from a cost/benefit perspective, and clearly articulate why the changes are proposed.	Members and ASX	Mar 2019	

2. Minutes and actions

Cont'd:

#	Meeting Date	Open Action Items	Owner	Due Date	Status
71	8 Feb 2019	ASX to review SLAs and the timing of responses to queries submitted to both the CHES Replacement and CSP Support mailboxes, including acknowledging questions where ASX may not currently have an answer.	ASX	Mar 2019	
72	8 Feb 2019	ASX to consider an AMO's request to join ASX's CHES Replacement community in MyStandards.	ASX	Mar 2019	Closed
73	8 Feb 2019	ASX to setup a meeting with Registries to further discuss Transfers and Conversions, prior to the Focus Group meeting currently scheduled for 27 February 2019.	ASX	Mar 2019	Closed

3. CHESS Replacement Project update

Engagement plan 2019

📍 Placeholders: Topic TBD

*Please note this is in draft form and subject to change

4. ISO 20022 project update by ASX

To-be' mapping:

- > Topics in progress:
 - Accounts, Transfers & Conversions
 - Corporate actions
 - mFund
 - Settlement
 - Holding Management

- > Global ISO 20022 engagement
 - ISO 20022 Securities Standards Evaluation Group (SEG)
 - T2S Evaluation Team (sub group of SEG)
 - BAH change request
 - Business Justification for new messages

5. Update from Business Committee

6. Matters for consideration

6a Follow up meeting and Focus Group outcomes

Transfers & Conversions

6b Account Creation Proposal

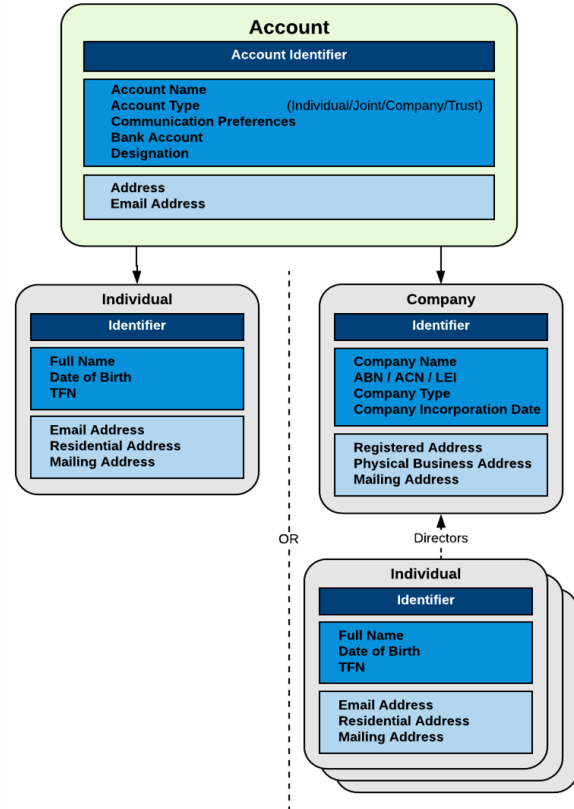

- > The separation of holder information from account information will be maintained
- > Consolidation of message to create holder(s) and account
- > Consolidation of messages to provide holder(s) and account information to Controlling Participants and Issuers
- > Only relevant information will be passed to issuers relating to the transaction or business process

6b Proposed end-to-end flow of account creation

When onboarding Investors, Participants will continue to capture all holder and account details within a structured format ensuring they are compliant with regulatory and legislative requirements.

Participants will no longer be required to manipulate or collect additional information to facilitate the creation of an account on the CSP (Clearing & Settlement Platform). Instead the original details collected can be used to create the account.

Individual & Company broker account examples

6b Proposed end-to-end flow of account creation

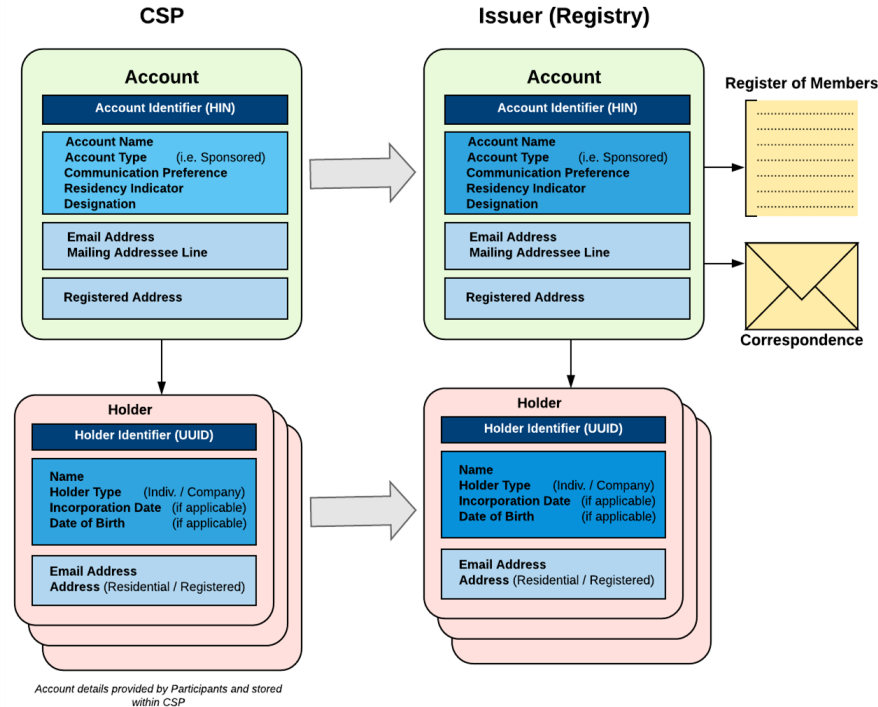

CSP will create holder(s) and the account using the details provided by the Participant. Information will be maintained at both the holder object and account object.

The CSP will provide all account and holder details to the Issuer when:

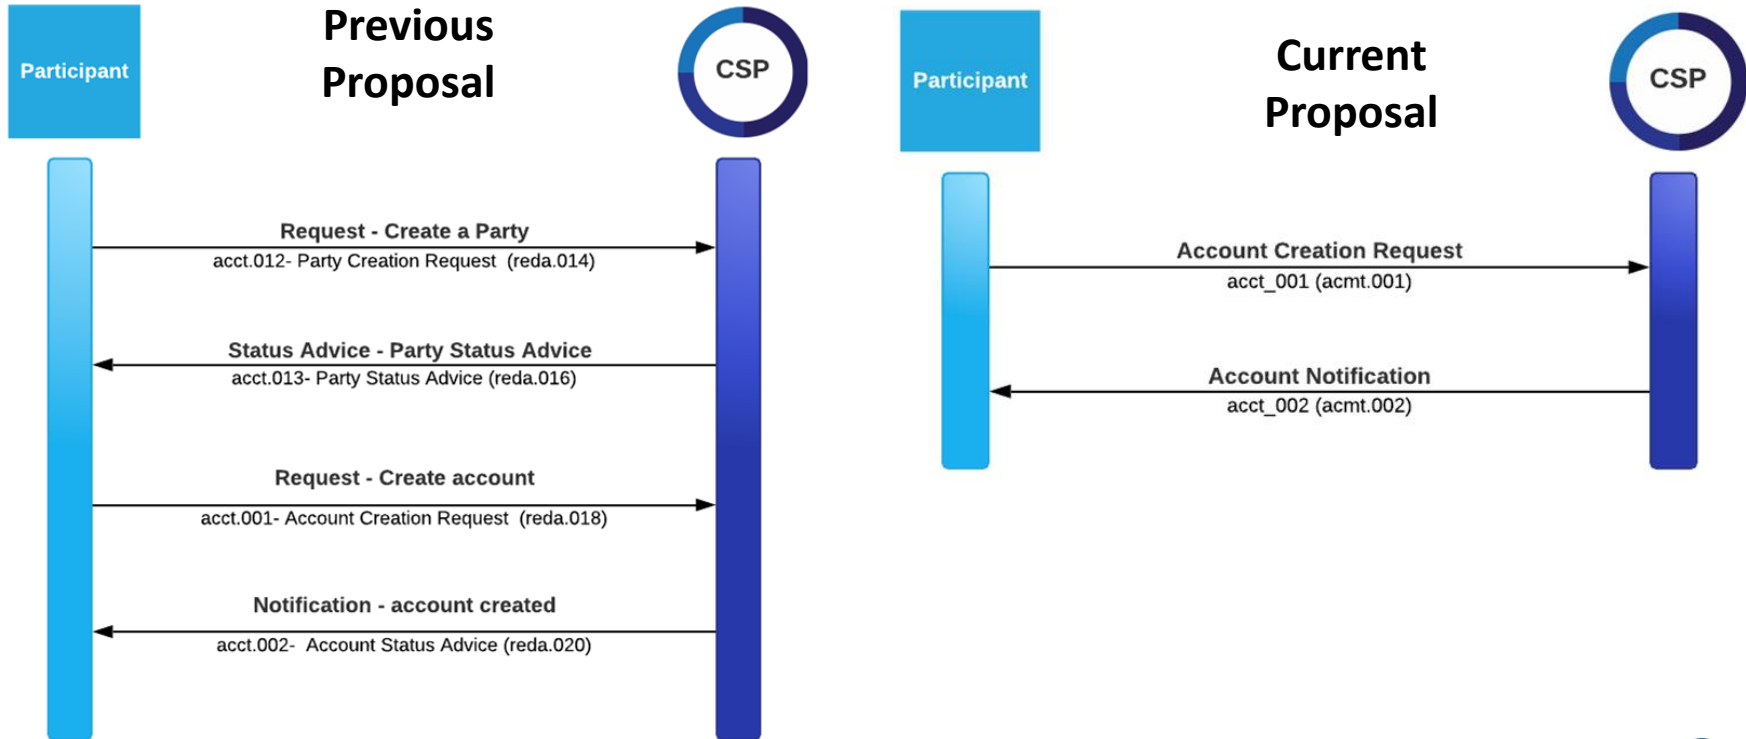

- A new holding balance is created
- Account details updated
- Holding balance is reduced to zero

The Issuer will continue to use these details to:

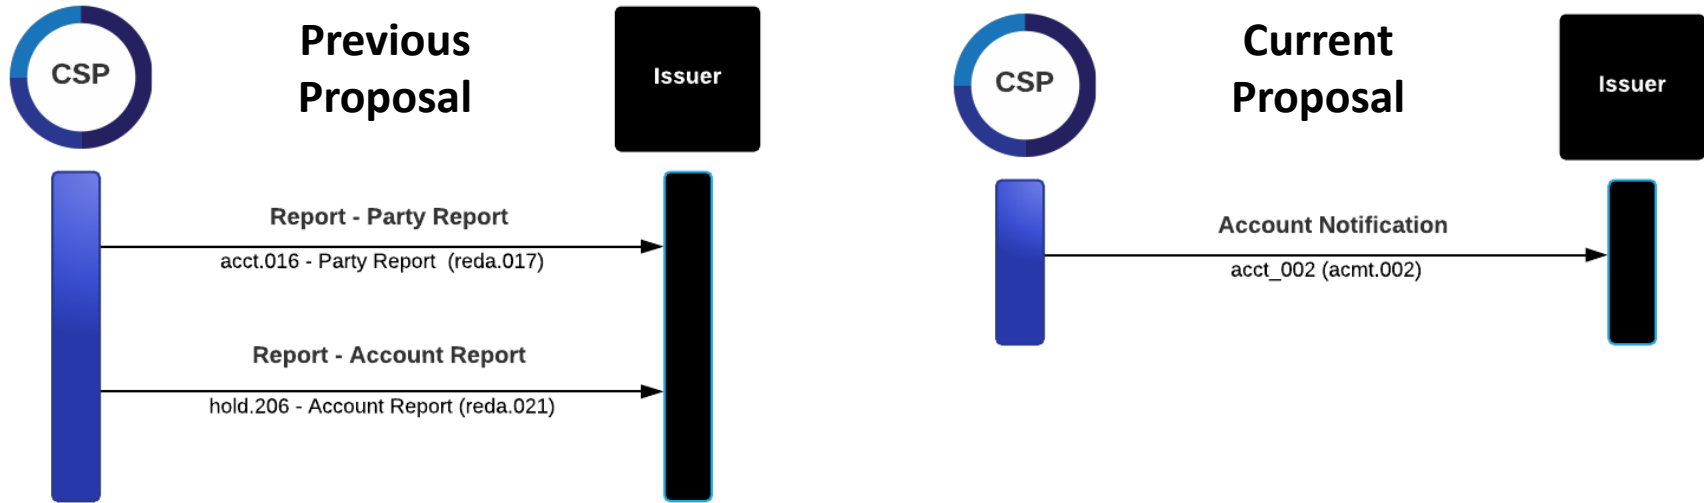

- Maintain the register of members
- Communicate to Investors

6b End-to-end messaging flow - Holder & Account Creation

6b End-to-end messaging flow - Reports & Notifications

6b Functions using registration details

The following functions will incorporate changes to registration details:

- > Modification of accounts and holders
- > Locking and unlocking of accounts and holders
- > Notifications to Issuers (new holding balance, zero holding balance)
- > Participant to Issuer transfer and conversions
- > Issuer to Participant transfer and conversions
- > SRN enquiries
- > Takeover acceptance notifications
- > Application request (mFund)
- > Margin cover creation authorisation request
- > Reports

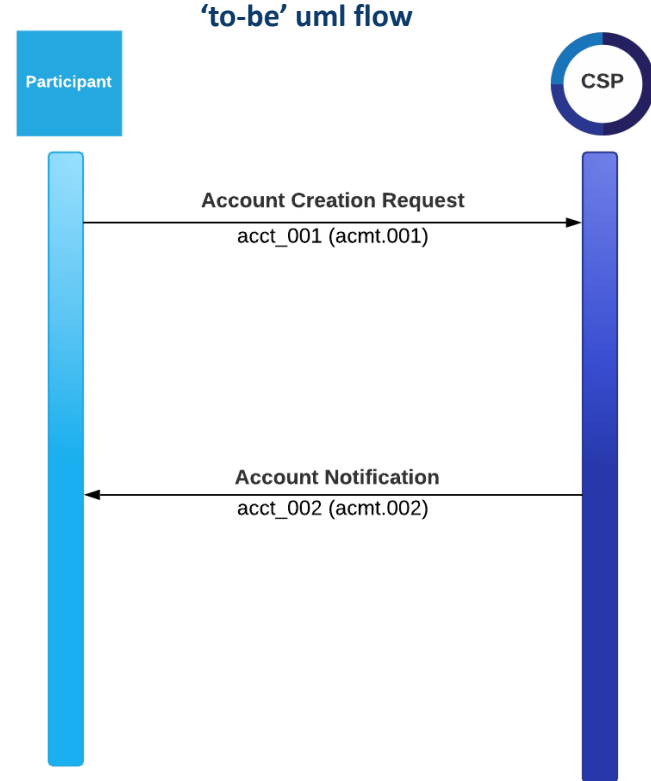

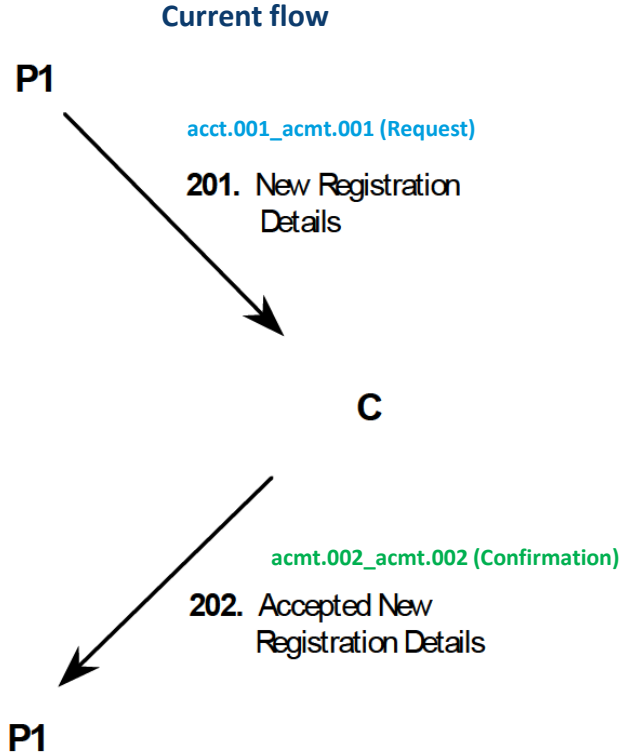

6b Account creation, modification, report

Message Consolidation

Message Type	'As-is' Message Id	ISO Base Message	'To-be' Message Id
Account Creation	EIS 201 - New Registration Details	acmt.001 - Account Opening Instruction	acct_001 - Account Opening Instruction
Account Update	EIS 203 - Update Request	acmt.003 - Account Modification Instruction	acct_003 - Account Modification Instruction
Account Confirmation Account Report	EIS 202 - Accepted New Registration Details EIS 220 - Authorised Registration Details EIS 512 - Holding Registration Details	acmt.002 - Account Details Confirmation	acct_002 - Account Details Confirmation

6b Account Creation

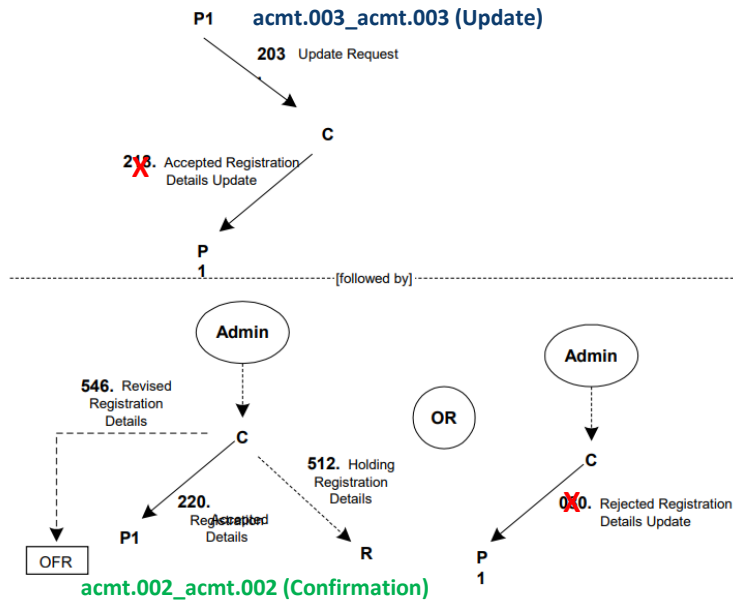

Account Creation message flow

6b Account Modification

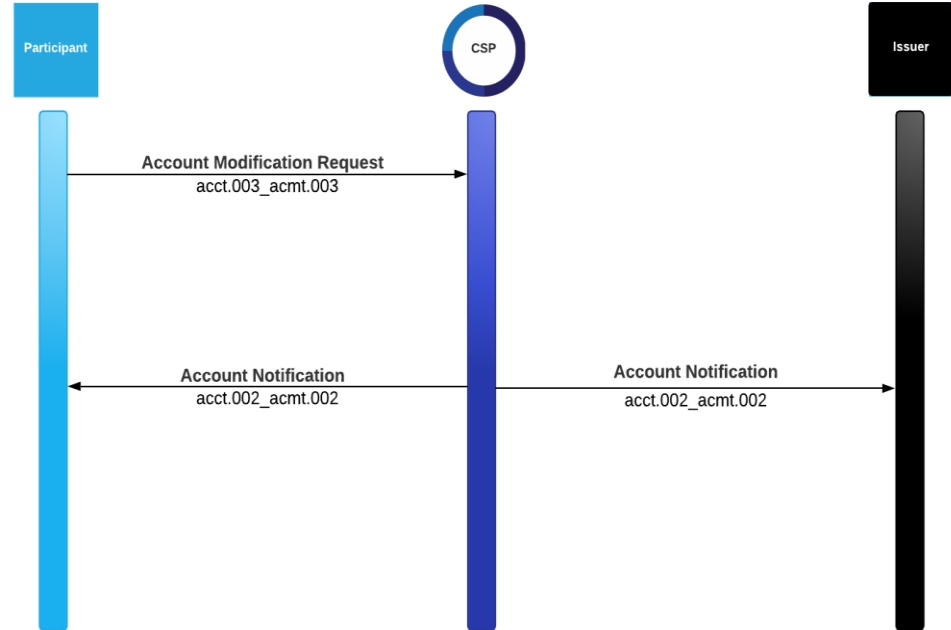

Account Modification message flow

Current flow

X The validation will be automatized. EIS218 and EIS080 will be descoped.

'to-be' uml flow

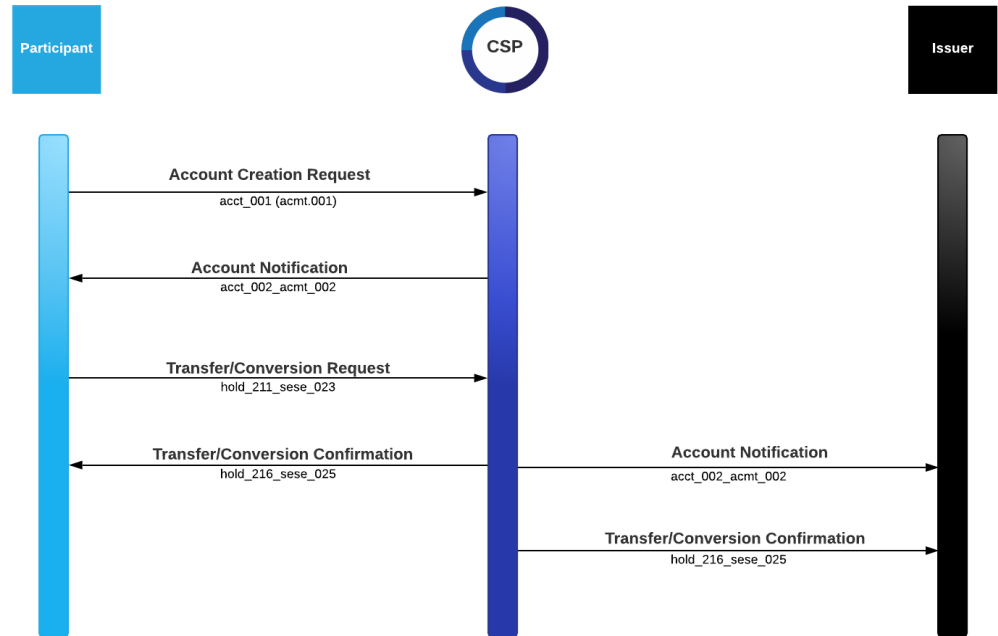

6b Account creation, modification, report

Standardized registration Details

The new Registration Details will be incorporated across all functions in the Clearing & Settlement Platform:

- > Modification of accounts and holders
- > Locking and unlocking of accounts and holders
- > Transfer and conversions
- > Notifications to Issuers (new holding balance, zero holding balance)
- > SRN enquiries
- > Takeover acceptance notifications
- > Application request (mFund)
- > Collateral request
- > Margin cover creation authorisation request
- > Reports

'To-be' Participant to Issuer Transfer

6b Account creation, modification, report 'to-be' Registration Details

Account Attributes

6c Review of 'to-be' messaging

MyStandards 'to-be' documentation

Community: ASX ISO 20022 Technical Committee

Collection: ASX_AU_CHS_draft_acct

Further details (attached to Message Definitions in MyStandards)

- > Message Model
- > Sample .xml
 - Valid .xml samples to illustrate message structure
 - Without transport-specific wrapper of BizMsg
 - Not intended to cover full business usage
 - Optional elements may not be present. Production collection & version.
- > ASX Proprietary Code list (attached to collection)

As-is Message Id	Collection	Id	To-be Message Id
EIS 201	draft_acct	001	acct_001
EIS 202			
EIS 220	draft_acct	002	acct_002
EIS 512			
EIS 203	draft_acct	003	acct_003

ASX will publish the messages on 4 April 2019, member feedback via comments in MyStandards requested by 16 April 2019. ASX will provide a summary of responses at the 7 May 2019 meeting.

6d Focus Group outcomes

> Payments

- > Focus Group meeting 12 March 2019
- > ASX presented its preferred real-time payment proposal for line-by-line settlement
 - New service to be used for mFund application & redemptions, bilateral demand settlement and electronic payment of entitlement offers
 - Proposal to re-purpose and stream-line RTGS offering
- > Batch settlement messages EIS 332 & EIS 333 to be retained in CHES replacement
- > Feedback due 28 March 2019

> Registration Details

- > Focus Group meeting 19 March 2019
- > ASX presented end-to-end process flow for account creation
- > Data model separates Holder information from Account
- > Account and Holder objects in single ISO 20022 message to create account and provide holder(s) and account information to participant and issuer
- > Feedback due 2 April 2019

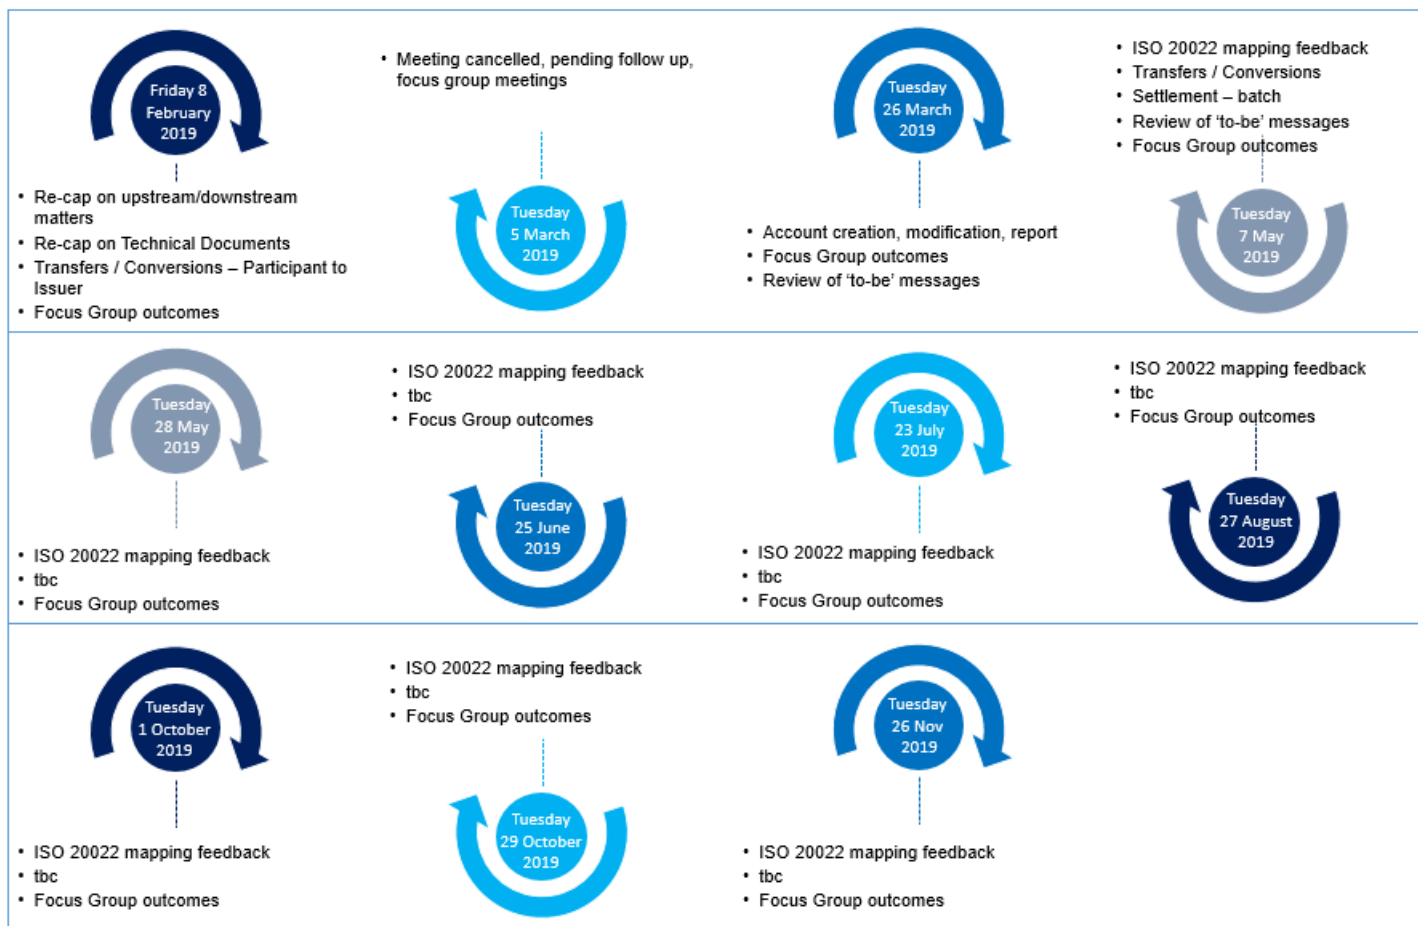

Closing

7. Closing and next meeting

- > Noted actions from this meeting
- > Draft minutes from this meeting will be distributed for review
- > Next meeting to be held Tuesday 7 May 2019 – Sydney, webinar; proposed topics:
 - Review of member feedback on published ‘to-be’ messages
 - Transfers / conversions – Participant to Issuer
 - Transfers / conversions – Issuer to Participant
 - Settlement – batch settlement
- > Forward meeting plan – see next page

- > More information on CHES Replacement & Technical Committee documents:
 - <http://www.asx.com.au/services/chess-replacement.htm>
 - Or email ASX project team: CHESReplacement@asx.com.au

7. Closing and forward meeting plan

Thank you.
